

SAFETY RECALL NOTICE

Immediately Discontinue Using Any DRC 50 Suppressor

This safety recall notice applies to ALL Dillon Rifle Company DRC50 suppressors, regardless of date of manufacture or serial number.

Reasons for Recall:

Dillon Rifle Company has determined that the current generation of DRC50 suppressors contain a defect that could result in catastrophic failure. Dillon Rifle Company is conducting a voluntary safety recall.

THIS POTENTIAL DEFECT PRESENTS A SERIOUS SAFETY HAZARD TO USERS AND BYSTANDERS, WHICH MAY RESULT IN DEATH OR SERIOUS INJURY.

What Should You Do:

1. Immediately stop using the DRC50 suppressor and remove it from the rifle.
2. Register your suppressor for recall.
 - Contact Dillon Rifle Company customer service department by emailing: steve.driscoll@dillonriflecompany.com or by calling: (480) 227-8743.
3. Return shipping and handling
 - Dillon Rifle Company will provide instructions and prepaid materials for the return of the suppressor.
 - **Do not ship the suppressor until you receive official return instructions.**

Corrective Action:

- Upon receipt, Dillon Rifle Company will inspect your suppressor for possible replacement or refund at no cost to you.
- Dillon Rifle Company will reimburse all shipping, transfer, and NFA tax stamp fees.
- All affected suppressors will be prioritized for the fastest possible turnaround.

Our Commitment:

Dillon Rifle Company is fully committed to the quality of its products and the safety of its customers. We sincerely regret the inconvenience that this situation may cause our valued customers and appreciate your cooperation in ensuring this process is handled safely and efficiently.
