

Manufactured using 3-D printing, the Dillon Rifle Company Hush Kit suppressors are made with patented Purposely Induced Porosity (PIP).

In simple terms, our design incorporates a number of very small vents positioned around the radius of the suppressor. This allows for more space to manipulate the gas flow before venting occurs. The result was a significant reduction of back pressure.

The suppressor has a monolithic structure which creates exceptional durability and thermal resistance. The Hush Kit's unique internal geometry further reduces high frequency noise, creating a more pleasant shooting experience.

One of our goals with Hush Kit was to reduce its overall length while still maximizing performance. By increasing the diameter by a small amount we were able to cut over an inch off the length.

The Hush Kit has a 'best in class' performance with improved sound reduction of between 5db-10db when compared to other industry leading suppressors.

NOTE: Threaded adaptor is 1/2"-28 but is HUB compliant and can accept any HUB compliant adaptor. We do not currently offer other adaptors.

<b>Weight</b>	1.1 lbs (17.6 oz)
<b>Weight (with adapter)</b>	1.3 lbs (20.8 oz)
<b>Diameter</b>	1.75 in (4.5 cm)
<b>Length</b>	6.5 in (16.51 cm)
<b>Suppression Rating</b>	25.9 (overall composite)
<b>Material</b>	Inconel 718

### TITANIUM:

<b>Weight</b>	0.68 lbs (10.8 oz)
<b>Weight (with adapter)</b>	0.82 lbs (13.2 oz)
<b>Diameter</b>	1.75 in (4.5 cm)
<b>Length (no adapter)</b>	6.5 in (16.51 cm)
<b>Suppression Rating</b>	25.9 (overall composite)
<b>Material</b>	Titanium TC4

### Product Features:

- PIP Technology
- Hub Adapter
- 3D Printed Inconel 718, Titanium TC4
- Available in Black, Tan, Green, Grey & RAW
